

# **Annual Review of Animal Research Projects**

## **University of Richmond**

Date:

Investigator's Name:

Project Title:

IACUC Protocol #:

IACUC Approval Date:

---

IACUC policy requires that investigators using animals provide an annual update of approved protocols. This annual review does not require a newly completed IACUC protocol form. It does require that you provide the information asked for below:

Status of project (check one):

This project has been completed or discontinued. (Please also complete a Final Report Form)

This project is continuing and no modifications are anticipated for the coming year.

This project is continuing with the modifications described below. (Contact IACUC chair for instructions for modification approval)

Modifications:

Please indicate the number and species of animals used during the last 12 months.

Please list the names of all investigators currently working on this project.

Please return to:
